Browser: Microsoft Edge

1. Do not use with our website. If you have windows 10 see below
2. Click on the windows logo (start)
3. Click on all apps
4. Click on Windows Accessories
5. Click Internet Explorer

Browser: Microsoft Internet Explorer 11 (Microsoft Edge is NOT the same as Internet Explorer 11)

1. No configuring of the browser is necessary

Browser: Mozilla Firefox (No longer supports workaround starting with version 55.0.2) Downloading the Firefox 52 ESR (extended support release) will work for until June 26th 2018. See link below for download.

https://www.mozilla.org/en-US/firefox/organizations/

Browser: Google Chrome

1. In the address bar type chrome://apps
2. Click on Web Store
3. In the search bar in the upper left-hand corner type "IE Tab"
4. Click add to Chrome
5. Click add extension
6. Let the download finish and restart your Chrome browser
7. Click on the white "e" with the blue circle to the right of the address bar (this will drop down a secondary address bar under the first address bar
8. Use the new address bar to access our website! (you can easily toggle the secondary address bar on and off by clicking the "x" to the right.

Enabling Java to Allow Our Website to Use its Software

1. If you get an error "Application Blocked By Java Security" see below
2. Navigate to c:\program files (x86)\java\jre1.8.0_131\bin\javacpl.exe (or javacpl if you have the extensions hidden). This opens Java Control Panel
3. Click on the Security Tab
4. Click on Edit Site List
5. Click Add
6. Type http://www.warrenhvac.com and press enter
7. You'll get a warning message but click continue
